Submittal of Final Development and Production Plan
Liberty Development Project

Dear Mr. Goll:

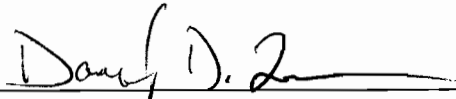

BP Exploration (Alaska) Inc. (BPXA) is pleased to submit the final *Liberty Development Project Development and Production Plan* (April 2007) (DPP). This DPP meets the requirements of 30 CFR Part 250.241-262. The submittal of the DPP fulfills the commitment to submit the DPP by May 1, 2007 as contained in the Memorandum of Understanding (amended November 2006) between BPXA, the Minerals Management Service (MMS), the U.S. Army Corps of Engineers (Corps) and Alaska Department of Natural Resources (ADNR).

BPXA thanks MMS and the other regulatory agency contributors for their comments on the draft Project Description that was submitted on December 22, 2006. In addition, BPXA appreciates comments on the draft Environmental Impact Assessment (EIA). The revised EIA is Attachment A to the final DPP. Comments were received, reviewed and reflected in preparation of the final DPP.

BPXA looks forward to working with the MMS through the National Environmental Policy Act (NEPA) review of the final DPP.

Please contact Peter Hanley at (907) 339-5024 (pthanley@bp.com) or myself at (907) 339-5021 (Darryl.Luoma@bp.com) if you require additional information or have further questions.

Sincerely,

Darryl Luoma, Liberty Project General Manager
